

MONTO

Telescopic hinged ladder with rungs and four side rail extensions TeleVario®

Easy-to-use, height-adjustable step and leaning ladder also suitable for use as a work platform (when used with our TeleBoard – sold separately), fitted with four extendable side rail sections for height compensation.

- + Usable as a leaning, double-sided step ladder and working platform (combined with the TeleBoard)
- + Patented ClickMatic-System for comfortable height adjustment
- + Inner and outer sections designed to form two separate step ladders
- + With 4 integrated side rail extensions on the outer side rails (IntegratedTele-System)
- + Inner section only usable as step ladder in combination with our Combi stabiliser ⑤
- + Slip-resistant foot plugs (SafetyCap)

i To be used in combination with telescopic aluminium board (page 120) to create a working platform ③ adjustable in height and length.
