

RED DIGITAL

Digital spirit level

Measuring inclinations and angles digitally with Bluetooth and the SOLA Measures app.

The RED DIGITAL is ideal to use anywhere, where inclinations, slopes and angles need to be measured quickly and precisely. The RED(M) digital levels are highly precise with an integrated electronic inclinometer module and Bluetooth interface. Furthermore, they are sturdy and easy to use.

Highlights

- Measurement tolerance of Solatronic module: 0.05° at 0° and 90°, 0.10° between 1° and 89°
- Adjustable inclination display in °, mm/m, %, in/ft
- HOLD function for storing measuring results and transferring angles
- Digital display rotates automatically in inverted positions
- Permanently backlit display for optimum readability
- Acoustic signal guide
- Patented SOLA FOCUS vials for RED 60 DIGITAL, RED 120 DIGITAL and RED 180 DIGITAL
- Protection class IP65: dustproof and protected against water jets
- Bluetooth interface for use with SOLA Measures app: real-time transfer of measurement data to your smartphone, remote control of measurement functions, managing, documenting, and sending measurement values.

Thanks to the Bluetooth interface, the RED DIGITAL can be used with the free SOLA Measures app. Compatible with iOS and Android.
