

DCS350N-XJ

18V XR Threaded Rod Cutter - Bare Unit

A cordless dedicated threaded rod cutter capable of cutting threaded rod from M6 to M12 anywhere. The DCS350N doesn't create chips or sparks while cutting, providing a burr-free cut to easily thread on fasteners without having to clean the threads. The unit includes a bright LED work light, a forward/reverse/lock off switch, and a hang hook. A full line of replacement accessories cutting dies is also available, sold separately.

Selling Propositions

- Dedicated tool for cutting threaded rod from M6 to M12
