# UB004GZ

## 40V Max Brushless Backpack Blower

# Product Statement

## 40V Max Brushless Backpack Blower

Power meets comfort with the UB004G backpack blower, delivering performance comparable to a 65cc petrol blower when paired with the high-output BL4080H batteries. Designed with a lightweight resin frame and dual battery ports for extended runtime, it automatically switches batteries to keep you working longer without interruption.

The high-efficiency brushless motor and narrow-diameter nozzle generate strong air velocity to clear even wet leaves, while variable speed control and two power modes let you balance maximum output with longer runtime. Cruise control reduces finger fatigue during continuous use, giving you consistent performance.

Breathable mesh materials and ergonomic shoulder straps enhance user comfort, with an optional waist belt for additional support. The adjustable grip position and telescopic nozzle ensure optimal control and comfort for all users.

Engineered for durability, the UB004G includes XPT water resistance, a 3D air intake to prevent blockages, and interchangeable nozzles to suit different applications.

# Product Overview

## UB004G

# Product Specifications

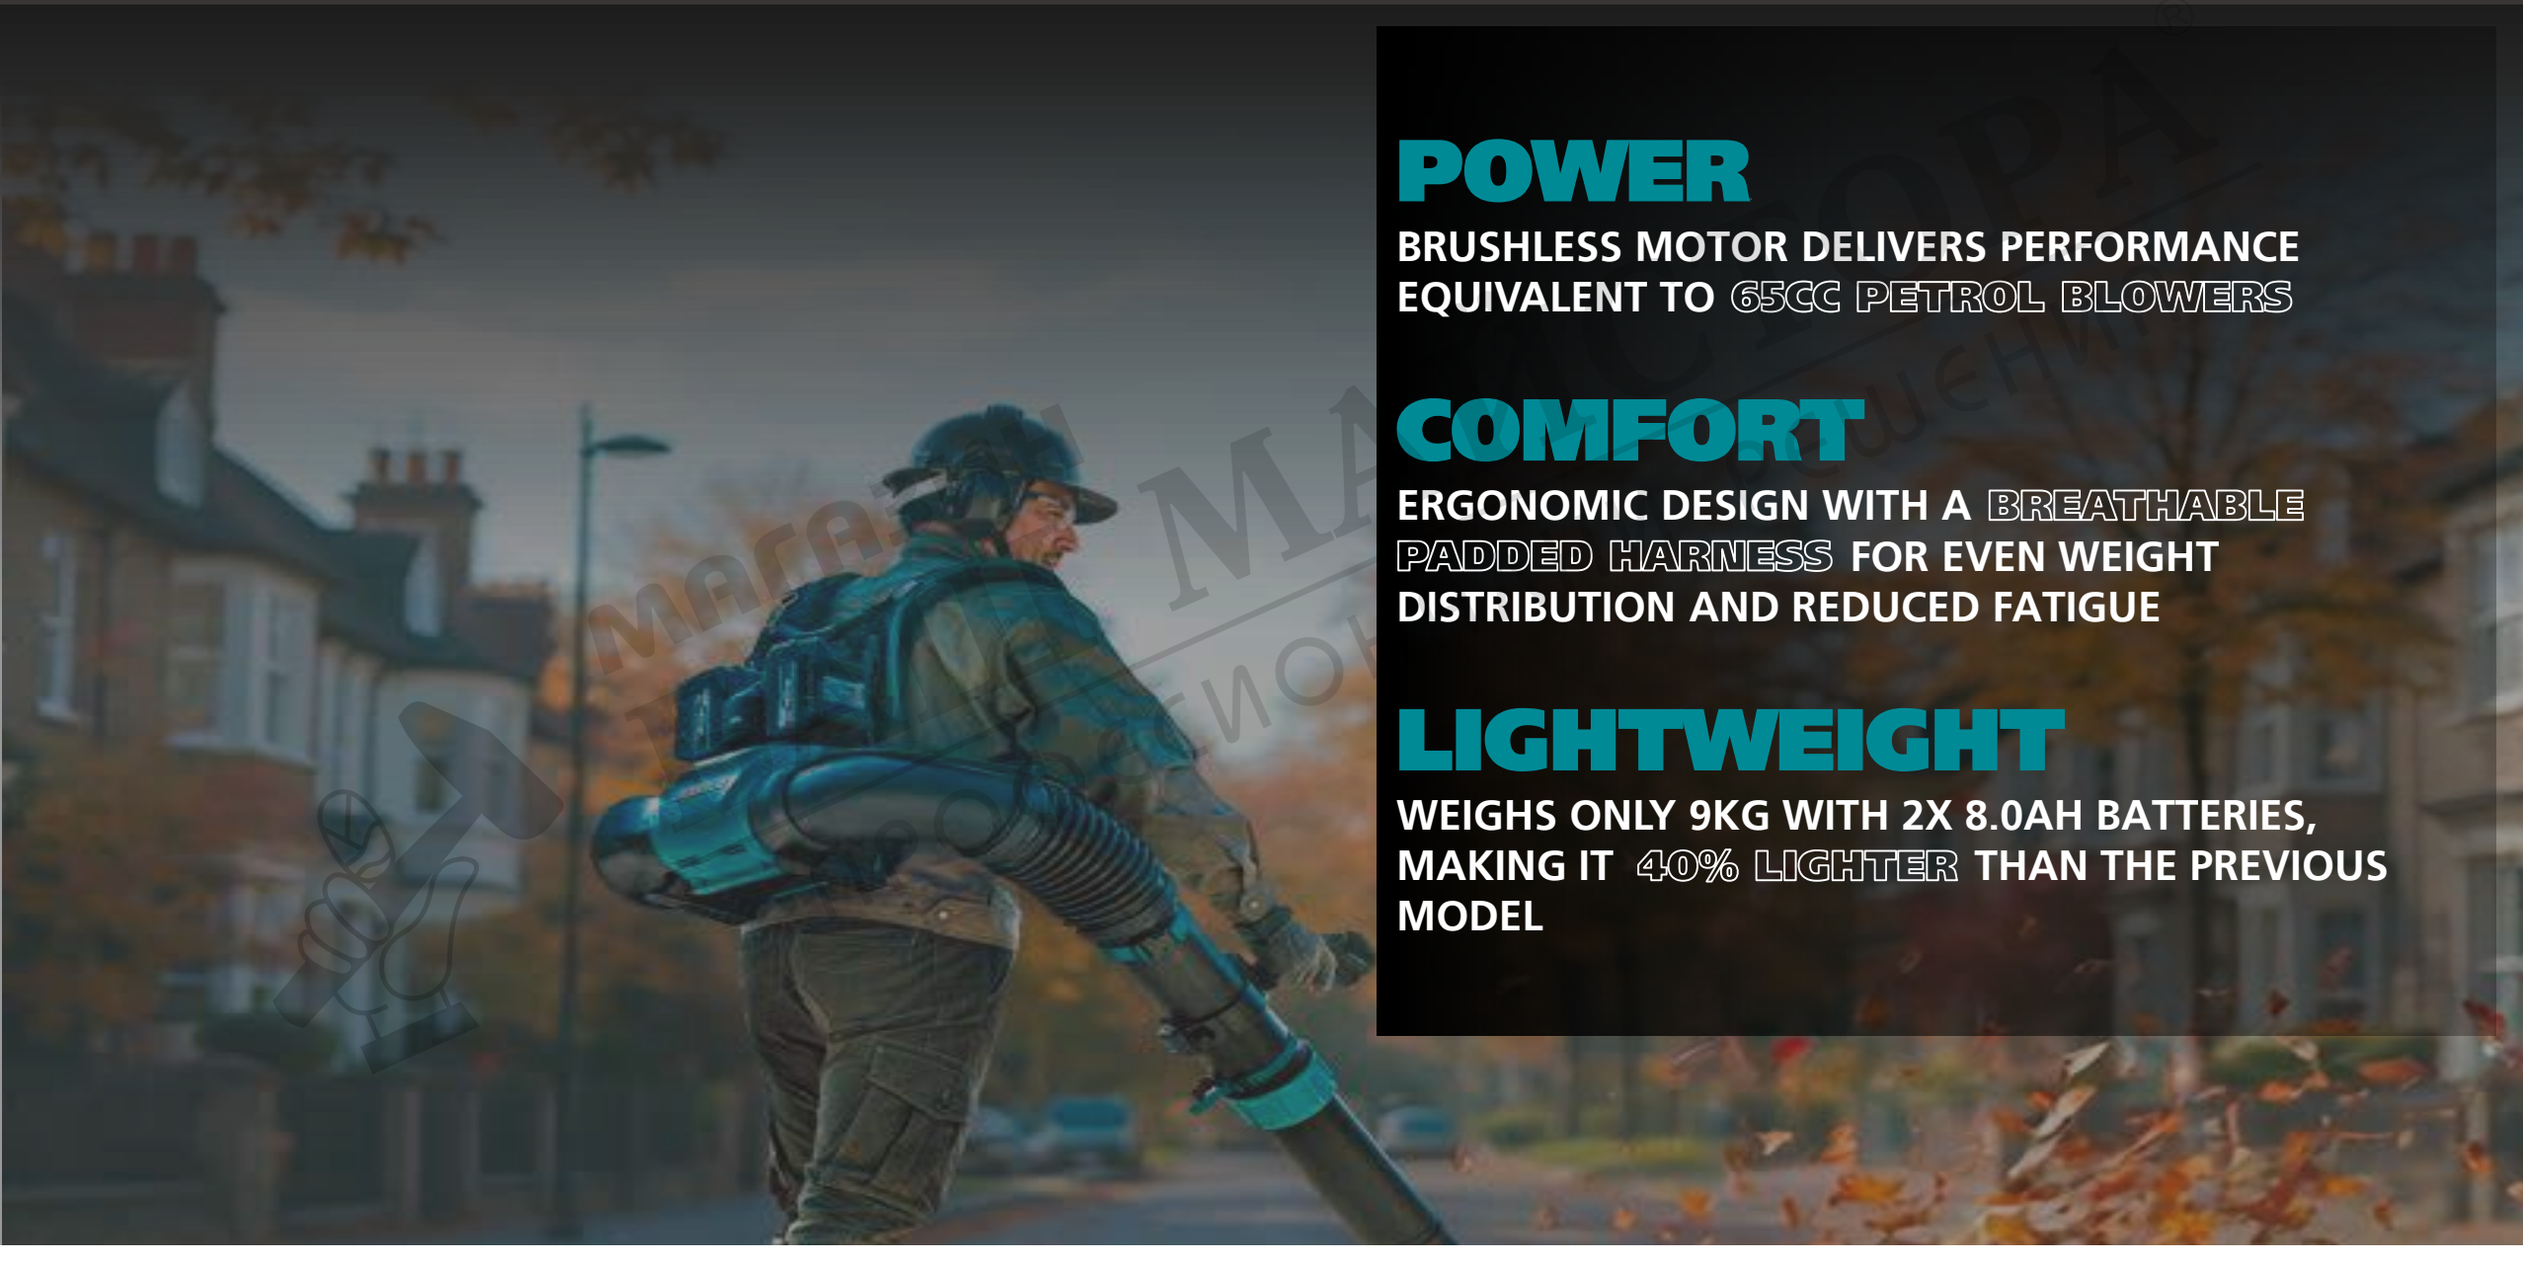

| UB004GZ | |
|---|---|
| **Max. Air Velocity** | 96.0m/s |
| **Max. Air Speed** | 345km/h |
| **Max. Air Volume** | 19.1m³/min |
| **Max. Blowing Force** | 32N |
| **Sound Pressure Level** | 82.3dB |
| **Runtime** | 38min (2x BL4080H) |
| **Dimensions (L x W x H)** | 242 x 585 x 522mm |
| **Skin weight** | 5kg |
| **Weight (with battery)** | 9kg (with 2x BL4080F) |
| **Voltage** | 40V Max |

- **Comfortable Backpack Design** – Lightweight construction with optimised ergonomic design for user comfort. A thick, breathable pad evenly distributes weight, minimising fatigue during extended use.
- **345km/h Air speed** – High-performance brushless motor delivers power comparable to a 65cc petrol blower, with up to 19.1 m³/min air volume.
- **Powerful blowing force** – Up to 32N of maximum blowing force to move even wet leaves and debris.
- **Improved Air Intake** – 3D intake design minimises blockages from leaves and debris for consistent performance.
- **Reduced Recoil** – Balanced backpack design reduces recoil and arm fatigue over long periods.
- **XPT Protection** – Advanced protection technology enhances durability with increased resistance to water and dust.
- **Cruise Control** – One-touch airflow lock reduces trigger fatigue, supported by a large LED control display.
- **Telescopic Nozzle** – Stepless adjustment over a 250mm range with secure lock ring.
- **Lightweight Design** – Weighs just 9kg with 2 x 8.0Ah batteries for maximum comfort even during prolonged use.

МАГАЗИН БАШ МАЙСТОРА® ПРОФЕСИОНАЛНИ РЕШЕНИЯ

# Advantages

## POWER

BRUSHLESS MOTOR DELIVERS PERFORMANCE EQUIVALENT TO 65CC PETROL BLOWERS

## COMFORT

ERGONOMIC DESIGN WITH A BREATHABLE PADDED HARNESS FOR EVEN WEIGHT DISTRIBUTION AND REDUCED FATIGUE

## LIGHTWEIGHT

WEIGHS ONLY 9KG WITH 2X 8.0AH BATTERIES, MAKING IT 40% LIGHTER THAN THE PREVIOUS MODEL

# Advantages

## Blower Nozzle

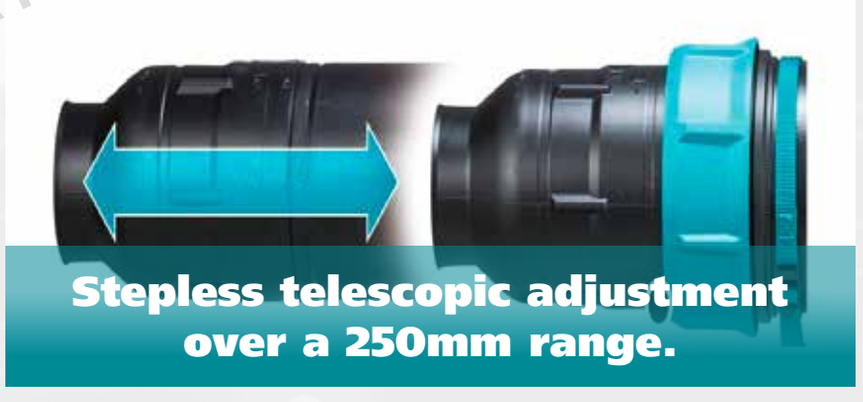

The UB004GZ comes standard with two nozzles for different applications, with an optional high-volume nozzle available. Features stepless length adjustment within a 250mm range for added versatility.

**Concentrated horizontal airflow for clearing wet leaves and heavier debris**

**Larger nozzle for higher air volume, ideal for clearing fallen leaves in large areas.**

**Stepless telescopic adjustment over a 250mm range.**

# Our Range

| | UB004GZ - NEW | UB004CZ |
|---|---|---|
| |  |  |
| **Max. Air Velocity** | 96.0m/s | 80.7m/s |
| **Max. Air Volume** | 19.1m³/min | 20.9m³/min |
| **Max. Air Speed** | 345km/h | 290.5km/h |
| **Noise** | 82.3dB | 82.3dB |
| **Dimensions (L x W x H)** | 242 x 585 x 522mm | 585mm |
| **Skin weight** | 5kg | 7.7kg |
| **Weight (with battery)** | 9kg (with 2x BL4080F) | 18.6kg (PDC1500) |
| **Voltage** | 40V Max | Direct Connect |
