Continuous runtime 4.0Ah battery	High: 275mins Med: 380mins Low: 630mins
Overall length	185mm
Skin weight	1.3kg
Weight (with battery)	1.7kg
Voltage	12V MAX

- **Low noise** – fan blades and fan cover have been designed to make less wind noise during operation
- **Off-timer switch** – three off-timer settings: 1 / 2 / 4 hours
- **Automatic Oscillation** – fan can oscillate automatically 45° left/right
- **CXT Compact Extreme Technology** – ultra compact and lightweight design allows users to comfortably handle the tool for prolonged periods of time
- **3 Speed Modes** – High / Med / Low fan speeds, selectable on the LED touch panel. The fan remembers last mode running before being switched off
- **Adjustable hook** – on the back of the fan pivots up and down allowing the user to hang the tool in a variety of positions
- **Dual power source** – powered by either 12V MAX CXT Batteries or AC power with adaptor

Advantages

Power

3 speed selector for optimal air velocity control

Convenience

Powered by either 12V MAX CXT batteries or AC power

Versatility

Automatic Oscillation: 45° left/right

Durable

Durable design engineered to withstand the jobsite environment
