Tools not included

## 3 LAYERS

### 3L Technology

A unique triple layer combination of polyesters and foam to provide extra cushioning. Designed to be tough and weatherproof, these amazingly light polypropylene panels can be secured in any desired configuration. The innovative feature of these structured core panels means that they can be formed into any shape.

## 3D SHAPED POUCHES

### 3D Shaped Pouches

All pouches keep their shape thanks to 3L Technology. Tough and weatherproof, yet soft and flexible, the plastic properties allow the sections to be returned to their original shape - even when squeezed!
