## DURABLE RIVETING

### Durable Riveting

Gives truly unbreakable strength. Rivets fasten together two or more pieces of material of varying thickness giving the ultimate strength for some of the toughest jobs. This also serves to reinforce the stitching and provides last quality in all products exposed to heavy weight.

### Stainless Steel Rivets

Strong one piece self-punching rivets with washers used in all high stress product areas. Made of stainless steel to ensure solid protection and serve you for years. Washers for greater strength in strategical places are used on one or both sides.

# EXTRA RIVETING MAKES A REAL DIFFERENCE

Anti-slip webbing with rubbery surface on top avoids workplace slip and fall accidents
