ELASTIC LOOPS

Elastic Loops

Secures the contents and keeps your tools in place during transportation. Allows for greater flexibility when organising tools and accessories having been positioned to make them as practical as possible, generously expanding to suit your needs. This system has been designed to hold a large number of hand tools and accessories in the best order and condition. Well organised tools help to get the best results in everyday work!

Stay organized

Elastic loops are installed in nearly all of Makita's bags, pouches and holders, allowing you to stay organised whatever the situation. Makita blue elastic band is used in the product interior making it easier to locate the tool or accessory you are looking for.
