The TC-AC 190/24/8 is a versatile compressor which is doing a good job at a lot of works with compressed air due to its compact measures and 8 bar working pressure. The regulated working pressure can be set precisely with the pressure reducer, and is displayed on the pressure gauge. Via quick connect, various compressed-air tools can be operated quickly and without tools. The 24 liter tank has sufficient air reserves. The oil lubrication pump saves the durability of the compressor. The operator's safety is optimally provided due to a non-return valve and a safety valve. There is a 10 years warranty against rusting through of the tank.
