The Einhell TC-BG 150 double wheel grinder is specifically suitable for performing minor repairs and sharpening blades, but can also be used for strong repairs, adjustments to shape and new initial grinding/sanding as well. The robust compact metal construction ensures that the grinder has a long service life. Large adjustable work supports are a help for a wide range of applications, while the ball bearing mounted shaft with zero play makes it possible to achieve precise results. For safety there are spark guard windows which can be adjusted without any tools, plus guard hoods which are closed at the sides. 4 rubber feet absorb vibrations and ensure a secure and steady standing position in operation.
