Xo 20 NC cordless mixer

- Save time: No need to hunt for a power source or mess around with cables. Just start mixing.
- Flexible and convenient: Mix wherever and whenever you want. Without cables.
- 18 V CAS Li-Ion battery, 100% compatible with all other products in the CAS family.
- The ideal battery for mixing: 5.2 Ah for the perfect balance of power and endurance.
- Optimum power output and flexibility thanks to two speeds.
- Rubber buffers protect surfaces and the machine itself when putting it down.
- No backache from mixing due to optimal working height.
- Fatigue-free working and a secure grip thanks to ergonomically shaped handles.
- Match Your Mix: Easy paddle changes thanks to the HEXAFIX quick coupling – no tools required.

2 batteries and charger included in the Pro Set. Battery and charger also available separately:

20677
CAS battery pack
18 V, 5.2 Ah

↑
20678
Charger ASC 30-36, suitable for all
Metabo Li-Power battery packs

Technical data

Number of speeds	2
On-load speed 1st gear	-350 rpm
On-load speed 2nd gear	-580 rpm
Weight	3.9 kg
Max. paddle Ø	140 mm
Paddle connection	HEXAFIX®
Set mixer	WK 140 HF for plaster, screed, mortar, filler, etc.
Mix quantity	-40 l
CAS battery pack ¹⁾	18 V, Li-ion, 5.2 Ah
Charging time for battery ¹⁾	Approx. 100 min.
Article No. Basic Set	
Xo 20 NC with WK 140 without battery or charger	25166
Article No. Pro Set	
Xo 20 NC with WK 140 with 2 batteries and charger	25167

Mix quantity per battery charge

Material	Recommended Paddle	Mix quantity with one battery charge ²⁾
High-grade render	WK 140 HF	6 bags of 20 kg = 120 kg
Screed	MK 140 HF	9 bags of 30 kg = 270 kg
Tile adhesive	KR 120 HF	4 bags of 25 kg = 100 kg
Egalisation filler	KR 140 HF	5 bags of 30 kg = 150 kg
Lightweight render	WK 140 HF	6 bags of 30 kg = 180 kg
Natural stone bedding mortar	WK 140 HF	8 bags of 25 kg = 200 kg
Filler compounds	DLX 152 HF	11 bags of 25 kg = 275 kg

¹⁾ Batteries and charger only included in Pro Set.

²⁾ Battery used: 18 V, 5.2 Ah Li-ion. Tested under real conditions on site. 1 sack each per mix. Guide values, may vary, e.g. due to material characteristics, temperature etc. Errors and omissions excepted.

One battery for everything. Over 20 manufacturers. Over 230 machines.
