

# Cordless tacker J-551 case set

**D G E**

- Powerful professional cordless tacker for perfectly attaching a wide variety of sheeting and decorative mouldings on building sites and in workshops
- Uses flat wire staples up to 14 mm and nails up to 16 mm
- Takes hammer tacker staples G
- Rapid fire functionality allows especially fast working at three shots per second
- Ergonomic device design allows you to work comfortably with an ideal centre of gravity even when working overhead
- Depth setting: Knurled screw to set distances of up to 2 mm between back of staple and workpiece. Staples are always inserted to the optimal depth, no matter how hard or soft the material
- A row of staples can be stapled parallel at one height using the distance holder.
- CAS rechargeable battery system: Powerful Cordless Alliance System 18V Li-ion battery, compatible with all professional rechargeable battery products from other CAS partners
- Bottom-loading mechanism with integrated staple pusher to quickly reload staples. All parts are firmly built in to the tacker and cannot be lost
- Easily visible staple level
- Sturdy belt hook for clipping to work clothes so device is always easily to hand.
- Practical LED light for illuminating the work area
- Long nozzle for precision fastening at hard-to-reach places
- Rubberised front protects delicate materials.
- For accurate results, the design line on the front of the tacker indicates exactly where the staples exit
- Blank firing guard means staples are only released when tacker is in contact with material.
- Ships in practical metaBOX system case including 1 CAS 18V battery and charger. Plus 5,000 staples as a free gift!

# Cordless tacker J-551 case set

Work even faster with the rapid-fire function – 3 fires per second

The distance holder allows you to drive in a row of staples parallel to the edge.

Precision nozzle for hard-to-reach places and depth setting up to 2 mm. Whether hard or soft material: staple is always inserted to optimal depth.

The device's optimal centre of gravity and ergonomic handle ensure fatigue-free working.

Charger and powerful Cordless Alliance System 18V Li-ion battery, compatible with all professional rechargeable battery products from other CAS partners.

Integrated staple slider for quick loading of staples. All parts form a single unit with no loose parts to lose.
